Shudhanshu Kumar *Aspiring Full Stack Developer*

Siwan, Bihar | kr.shudhanshu14187@gmail.com | +916202357572 | LinkedIn | GitHub

PROFILE

I'm an aspiring Full Stack Developer passionate about building impactful digital solutions. With hands-on experience in MERN stack, PHP, MySQL, HTML, CSS, and JavaScript, I enjoy turning ideas into scalable, user-friendly web applications.

SKILLS

Languages: Python, C++, HTML, CSS, JavaScript, PHP

Libraries/Frameworks: Bootstrap

Databases: MySQL

Tools: Visual Studio Code, MySQL Server, GitHub

Soft Skills: Problem Solving, Adaptability, Team Collaboration

PROJECTS

AI-Powered Fake News Authenticator   Sep 2025
Tailwind, React, Typescript, Node.js, MongoDB, Google Gemini API
- Developed a web-based Fake News Authentication System using Google Gemini API to classify news as *fake* or *real*.
- Extended the solution with a browser extension for real-time news verification.
- Collaborated in a team of 5 members, achieving 3rd place among 600+ participants.

Farm-to-Market Platform   Jul 2025
PHP, MySQL, HTML, CSS, JavaScript
- Developed a web-based platform to connect farmers directly with consumers and local markets, reducing middlemen and increasing farmer profits.
- Implemented features for product listing, price management, and order placement by buyers.
- Enabled user-friendly dashboards for both farmers and buyers to manage listings, track orders, and update availability.
- Focused on clean UI/UX, efficient database design, and seamless user interaction to support real-world scalability and accessibility.

Hostel Management System   Feb 2025
PHP, MySQL, HTML, CSS, JavaScript.
- Developed a web-based system to manage hostel operations, including student registrations, room allocations, and payment tracking.
- Implemented role-based access for admins and users to ensure secure and efficient workflows.
- Designed a responsive UI for easy interaction and integrated MySQL for reliable data storage and retrieval.
- Focused on functionality, data validation, and real-time updates to improve overall user experience and reduce manual workload.

AWARDS AND PARTICIPATIONS

Tech Blitz Hackathon - 2nd Runner-up   Sep 2025
Coding Ninjas LPU

CodeClash Winner   Sep 2025
IEEE Student Branch - SCA, LPU

HacktoberFest - Open Source Contribution   Oct 2025
Digital Ocean

CERTIFICATES

Python Certification – GeeksforGeeks
Earned Python Programming Certification from GeeksforGeeks with practical coding experience.
Gained proficiency in the Python programming language and Python libraries.

SQL (Intermediate) Certificate – HackerRank
Implemented the gained skills of SQL on HackerRank and got certifi ed for SQL (Intermediate).
Gained 4 star in the MySQL problem solving on HackerRank platform.

EDUCATION

Lovely Professional University   Aug 2025 – Present
Master of Computer Applications

Lovely Professional University   Oct 2022 – Jul 2025
Bachelor of Computer Applications
• CGPA: 8.08

Mahaviri Saraswati Vidya Mandir   Apr 2020 – Feb 2022
Intermediate
Percentage: 57.2%
